

Please follow these directions! (Your GPS may suggest a shorter but more difficult route!)

From Málaga airport follow the **MA21** towards Málaga. After 3km keep right and merge onto the **MA20** towards Motril / Almeria, and 9 km later bear left to join the **E15 / A7** motorway still signed to Motril / Almeria.

After 35km leave the E15 / A7 at **junction 953** for Velez-Malaga, keeping to the left lane on the slip road. (For food shopping, take the second exit from this roundabout into the El Ingenio shopping centre, where there is a large Eroski hypermarket. Smaller Mercadona and Lidl supermarkets are also nearby.)

From the roundabout, take the **A335 / A356** inland towards Colmenar / Casabermeja / Alhama de Granada. After about 9km turn right at a large garage (Gutierrez Pastor), and then left, following signs to Canillas de Aceituno / Sedella. After about 1km turn right onto the **MA4106** and continue uphill for 7km to Canillas de Aceituno. At the small roundabout take the first exit onto the Canillas bypass(!), following signs to Sedella.

At the second small roundabout as you leave Canillas, again follow signs to Sedella. You are now on the **MA4105**, and our track is a right turn just after the 5km marker post, signed to Los Valverdes / Rubite and with the first of our own signs to Finca La Maroma.

About 400m after leaving the tarmac road, the track bears left and passes through a cut in the hillside. At the next fork 1.3km from the road bear right, following the Finca la Maroma sign (the other direction being signed to Pasa Arenas / Loma Parra).

Keep following the track until the last fork, 3.9km from the road, where you bear right and uphill (again signed to Finca la Maroma). After 500m you pass another track to the left and approach a small farm, which seems to be in the middle of the road. In fact the track dips down to the left of the farm buildings, and Finca la Maroma is about 400m ahead on the left.
